🔗 Yassine-Mhirsi

Profile

Focused and driven engineering student with a keen eye for detail and a strong ambition. I am passionate about achieving precise results and thrive in collaborative team environments. Currently seeking an entry-level role in the engineering industry to kickstart my career as a Computer Engineer and enhance my skill set.

Projects

Insurance-Integrated E-commerce Platform

2024

- Development of an e-commerce website offering products with integrated insurance services.
- It includes management systems for shops, insurance providers, and repair shops, allowing them to become partners with the platform.
 - Keywords: React.js, Node.js, MongoDB Atlas
